

FY 2018 Funding Opportunity Research and Education Program for HBCUs/MIs

- Basic research project grants including student support requirements
 - 3-year period of performance
 - Not-to-exceed \$600,000 in total; annual budgets expected to be evenly distributed by year, but variations permitted if adequately justified, e.g., first-year startup costs
 - Eligibility
 - No more than three applications per institution
 - No subawards permitted
 - Student support required—at least two students, but no more than four students
 - There are no citizenship requirements for PIs or other institutional participants
 - Other funding limitations
 - Funds may not be used for
 - equipment purchase or rental; facility rental; facility alterations or renovations
 - foreign travel
 - domestic travel exceeding \$2,500 per year for the PI and \$1,500 per year for individuals other than the PI
 - If any of these items/activities are included in the application budget, DoD reserves the right to reject the application without review
 - An institution may not rebudget after award for any of these unallowable items/activities
